home live art

The Alternative Village Fete is home live art's anarchic and sideways slant on the traditional family day out where the folk is activism and the bunting is radical! A programme of participatory and performance projects across the stage and stalls, embraces all that is Fete – the Morris dancing, the make do and mend, the British Gent, the tea and cake. As well as artist's fete games, participatory performances, Hill Billy barn dancing, folk fusion live music and much more.
